Our school has created this policy with the aim of ensuring appropriate and safe use of the internet and other digital technology devices by all Students and staff.

- 5.9. The Trustees will ensure that the use of appropriate filters and monitoring systems does not lead to 'over blocking' – unreasonable restrictions as to what Students can be taught with regards to online teaching and safeguarding.

 - Asking “does it urge the recipient to act immediately?”
 - Checking the spelling and grammar

This area will also be covered in the teaching of Financial Education which is a timetabled and accredited programme of learning.

- 5.25. Staff will not be punished if they are caught out by cyber-attacks as this may prevent similar reports in the future. The Head of School will conduct an investigation; however, this will be to identify the cause of the attack, any compromised data and if there are any steps that can be taken in the future to prevent similar attacks happening.

Social networking:

- 5.26. Access to social networking sites will be filtered as appropriate and staff should conform to school acceptable user and other appropriate policies.

- 5.47. All mobile devices and hand-held computers will be fitted with tracking software to ensure they can be retrieved if lost or stolen.

- 5.48. To protect, retrieve and erase personal data, all mobile devices and hand-held computers will be fitted with software to ensure they can be remotely accessed.
- 5.49. ICT technicians will review all mobile devices and hand-held computers on a monthly basis to ensure all apps are compliant with data protection regulations and up-to-date, and to carry out any required updates.

- 5.51. Apps will only be downloaded from manufacturer approved stores, e.g. Google Play and the Apple App Store.

Network security:

- 5.52. Network profiles for each pupil and staff member are created in which the individual must enter a username and personal password when accessing the ICT systems within the school.
