

In science the year 10s have been trying to use a lemon as a battery.

Unfortunately we haven't yet got it to work. 😞 But like the good scientists we are, we will be trouble-shooting the experiment in the coming weeks to work out where we went wrong.

We look forward to up-dating you. 😊

Other Information: The year 11s have entered exam season and are concentrating hard on revision. Good Luck to them all.

And 'Congratulations!' to all students who have successfully completed the work required for their AQA Entry Level Certificate in Science. Your hard work has paid off- well done!
